MEMORANDUM FOR: Chief, London Bureau

FROM:

Acting Chief, Monitoring Operations Division

25X1

SUBJECT: Language Capability List

1. To allay BBC's concerns about our Language Capability List, we have devised a new reporting format for their monitors which does not specify individuals. The best way to describe it is by examples:

Arabic	11 BBC Monitors	V 1
French	11 BBC Monitors	V 1
French	1 BBC Monitor	V 2
French	3 BBC Monitors	V 3

2. We presume that all BBC monitors continue to be voice ("V") proficient. "1" indicates that it is the principal language or one of the principal languages of each individual, "2" that the individuals have a strong capability available for coverage as needed, and "3" that the individuals have a lesser capability in the language which seldom is used.

3. Note that two or more listings may pertain to the same monitor.

4. Can you sell this approach to BBC and provide us an update?
